COMPUTER ENGINEERING DEPARTMENT
Academic, Quality Assurance & Student Development Calendar
Winter Semester 2026 (A.Y. 2026-27)

This calendar is prepared in line with the MSBTE Academic Calendar for A.Y. 2026-27. Activities for newly admitted First Year and Direct Second Year students are tentative and subject to admission schedules. Industrial Training for Semester V commenced on 25 May 2026.

Date / Period	Academic / Quality Assurance Activity
20-30 June	Pre-semester planning: department meeting, workload distribution, subject allocation, academic calendar, teaching plans, course files, laboratory manuals, laboratory readiness, software installation, timetable preparation, batch formation, classroom/laboratory verification and academic readiness review.
1 July	Commencement of Odd Semester (Semester III & V).
1 July onwards	Regular classes for Semester III.
1 July onwards	Weekly monitoring of Semester V In-Plant Training (already commenced on 25 May).
Every Friday	Industrial Training mentor review, diary verification and interaction with industry mentors.
2-18 July	Remedial classes for ATKT/failed students (morning/evening parallel sessions).
15 July onwards (Tentative)	Reporting of First Year & Direct Second Year students.
16-31 July	Department Orientation & Student Induction Programme.
16 July-14 August	Bridge / Refresher Course for Direct Second Year students.
21-25 July	Entry Survey / Pre-Semester Student Feedback.
26-28 July	Analysis of Entry Survey, identification of slow & advanced learners and preparation of improvement plan.
Last week of July	Department Academic Review Meeting - I.(Defaulters/Performance Review)
1-5 August	Expert Lecture - I.
10-12 August	Class Test-I (Semester III).
13-16 August	Evaluation of answer books.
17 August	Result declaration & subject-wise result analysis.
18-21 August	Student counselling based on Class Test-I performance.
22 August	Parent Meeting for weak, ATKT and irregular students.
23 August onwards	Focused remedial support and progress monitoring.
11-15 August	Completion of 12-week Industrial Training.
11-22 August	Submission and evaluation of Industrial Training Diaries & Reports.
18-28 August	Industrial Training Report (ITR) Viva/Practical Examination.
18-30 August	Capstone Project guide allocation, seminar topic finalization and project orientation.
20-30 August	MSBTE Winter Examination Form Filling.
Last week of August	Industrial Training experience sharing session.
1-10 September	Capstone Project problem identification and literature survey.
11-20 September	Requirement analysis, feasibility study and project proposal preparation.
15-20 September	Mid-Semester Student Feedback.
15 September	Engineer's Day Technical Event
21-25 September	Analysis of Mid-Semester Feedback and corrective actions.
Second week of September	Expert Lecture - II.

Third week of September	Industrial Visit (Semester III).
21-22 September	Class Test-I (Semester V).
23-26 September	Result analysis and counselling for Semester V.
26 September	Parent Meeting
Last week of September	Seminar-I / Project Proposal Presentation.
1-7 October	Capstone Project SRS, Design & Planning Review.
8-10 October	Expert Lecture - III / Career & Placement Guidance.
10 October	Internal Academic Audit & Syllabus Coverage Review.(Defaulters/Performance)
12-14 October	Class Test-II.
15-17 October	Evaluation, result declaration and subject-wise result analysis.
18-20 October	Student counselling and parent interaction based on CT-II performance.
20-24 October	End-Semester Student Feedback / Course Exit Survey.
25-28 October	Analysis of End-Semester Feedback, Action Taken Report (ATR) and Department Review Meeting.
15 October	Completion of theory syllabus.
16 October	Completion of practicals, assignments, seminar work and internal assessment.
17 October	End of Academic Term.
